

# HADYN SLOANE-SEALE

---

## WSEU Technical Director

Hadyn Sloane-Seale assumed the role of **Technical Director** in April 2013.

Hadyn is a Winnipegger who proudly played for **Winnipeg South End United** (WSEU) in his youth. He moved on to play with the Manitoba Provincial Team and then a Division 1 U.S. team (Adelphi University) where he spent two years as captain.

As Technical Director, Hadyn leads the technical program and staff for the WSEU District. This role includes Club (premier and developmental) teams and coaches, District wide curriculum development, the WSEU Academy and Mini Academy, WSEU High Performance teams, goalkeeper programs, coach education, event programming to support technical growth and technical support for our District recreational and mini soccer programs. During Hadyn's time with WSEU, we have seen the development of indoor and outdoor season curriculum calendars for mini and U9-U17 team training, creation of a coach education program, creation of a High Performance program and teams and the launch of the annual Club 4v4 tournament. Under his direction, the number of WSEU players involved in the Manitoba Soccer Association/Whitecaps REX, Prospect and Pre-Prospect programs has continued to rise. Hadyn helps to keep WSEU ahead of the curve by evolving programs and trying new ideas. He implemented the use of pooled sessions to our program early in his tenure, which has since been included in the CSA recommended curriculum as the Preferred Training Model (PTMs). As Technical Director, Hadyn also attends province wide TD meetings where the group works together to continue the growth of the game in Manitoba.

Prior to joining WSEU, Hadyn led the University of Manitoba Bison Women's Soccer Team as Head Coach (and before that as Assistant Coach). Before moving back to Winnipeg, he spent his time learning and honing his skills and philosophies with a Club and Universities in the U.S. running technical programs, training coaches and players (including fitness and strength training), coaching, recruiting, and running camps - all for players age 6 to adult. Hadyn holds a USSF A Coaching License.

"As I begin my sixth year here at the club I look forward to continuing to work with our loyal players, coaches and families as we grow and build this club together. I have been fortunate to have a Board of Directors and Club members that believe in the direction we have set for ourselves. I also look forward to continuing to work with Amy, and everyone involved who works so hard on the goal of making this the best Club to be at in Manitoba," shared Hadyn.
